Important News Regarding the Threat of Wildfire in the Pinon Mesa area

Dear Property Owner,

You may have noticed flagging tape appearing around the properties in your neighborhood. This flagging is the beginning stages of a very important project funded by **grant money** to reduce the **threat of wildfire in the Pinon Mesa area**.

In cooperation with San Bernardino County Fire Department, the Natural Resources Conservation Service, and the Wrightwood Fire Safe Council, a plan has been prepared to **thin the brush and trees** on and around your properties at **no charge to homeowners**.

The Wrightwood Fire Safe Council strongly urges your participation in this project, which will significantly affect the defensibility of your home and property in the event of wildfire.

The parcels identified for treatment sit adjacent to the slopes of Pinon Mesa located on the northern end of Orchard Drive, and the north and west side of Easter Drive. **You have received this notice because your property is in the target area and your participation is most important, to both you and your neighbors.**

The Wrightwood Fire Safe Council is requesting that you attend **a very important meeting** to discuss this project. Discussion will include information about the urgent need for the project, project goals, and methods to achieve them. The meeting will be held at the Wrightwood Community Center.

Please select one of the following dates and call the Wrightwood Fire Safe Council at **760-249-5248** or Fire Prevention Officer, Tim Tate at **909-867-1240** at your earliest convenience.

I can attend (please select all that apply for best scheduling flexibility):

_____ **Wednesday, October 25th, 7 pm**

_____ **Sunday, November 12, 2 pm**

_____ **Wednesday, November 29, 7 pm**

A follow-up communication confirming the meeting will be sent to you by the San Bernardino County Office of the Fire Marshal. Any questions may be directed to the WFSC or Tim Tate at the numbers listed above.

Sincerely,
Wrightwood Fire Safe Council
