Mike Wakoski (BDF): Gave a presentation on fuel reduction programs, and their effectiveness in the areas of the Sheep fire. Mike presented slides that showed the boundaries of the Sheep fire were influenced by fuel reduction programs in both the Lytle Creek and Lone Pine Canyon areas. Mike said that while the fuel reduction efforts would never have been able to stop the fire, they were effective in reducing the fire's advance in the areas that were treated.

Carmen Mackey (LA County Fire): Gave a video presentation on the "Ready, Set, Go" program.

Gabe Garcia (SBFS): Stressed the importance of citizens making authorities aware of illegal activity going on in forest areas that are off-limits to people.

Julie Crick (Forest Care): Gave a presentation on Forest Care, and the services they provide to property owners.

John Aziz (Wrightwood FSC): Talked about the increased threat of floods, in the burn areas. Residents should expect to see more road closures during flooding conditions.
