CAL FIRE (Drew Smith): Last month, CAL FIRE responded to 31 vegetation fires. 27 of those were larger than ¼ acres. Units are also supporting many different fires around the state. As units come back, CAL FIRE will resume fuel reduction projects in the local area. Drew briefly discussed staffing levels.

CAL FIRE will be hosting green waste/chipper events every weekend between now, and the end of September. The location is the Phelan CAL FIRE station, and hours of operation will be 9:00am to 2:00pm on Saturdays and Sundays.

In response to Hank Hallmark's question from the previous month regarding cause of fires, Drew stated that so far in 2025, there were 4 arson convictions. In 2024, we had 20 arson/unintentional related fires. These statistics include only San Bernardino County state responsibility areas (SRA).
